Many years of research conducted by The Gallup Organization suggest that the most effective people are those who understand their strengths and behaviors. These people are best able to develop strategies to meet and exceed the demands of their daily lives, their careers, and their families.

A review of the knowledge and skills you have acquired can provide a basic sense of your abilities, but an awareness and understanding of your natural talents will provide true insight into the core reasons behind your consistent successes.

Your Signature Themes report presents your five most dominant themes of talent, in the rank order revealed by your responses to StrengthsFinder. Of the 34 themes measured, these are your "top five."

Your Signature Themes are very important in maximizing the talents that lead to your successes. By focusing on your Signature Themes, separately and in combination, you can identify your talents, build them into strengths, and enjoy personal and career success through consistent, near-perfect performance.

Competition®

Competition is rooted in comparison. When you look at the world, you are instinctively aware of other people’s performance. Their performance is the ultimate yardstick. No matter how hard you tried, no matter how worthy your intentions, if you reached your goal but did not outperform your peers, the achievement feels hollow. Like all competitors, you need other people. You need to compare. If you can compare, you can compete, and if you can compete, you can win. And when you win, there is no feeling quite like it. You like measurement because it facilitates comparisons. You like other competitors because they invigorate you. You like contests because they must produce a winner. You particularly like contests where you know you have the inside track to be the winner. Although you are gracious to your fellow competitors and even stoic in defeat, you don’t compete for the fun of competing. You compete to win. Over time you will come to avoid contests where winning seems unlikely.

Focus®

“Where am I headed?” you ask yourself. You ask this question every day. Guided by this theme of Focus, you need a clear destination. Lacking one, your life and your work can quickly become frustrating. And so each year, each month, and even each week you set goals. These goals then serve as your compass,

helping you determine priorities and make the necessary corrections to get back on course. Your Focus is powerful because it forces you to filter; you instinctively evaluate whether or not a particular action will help you move toward your goal. Those that don't are ignored. In the end, then, your Focus forces you to be efficient. Naturally, the flip side of this is that it causes you to become impatient with delays, obstacles, and even tangents, no matter how intriguing they appear to be. This makes you an extremely valuable team member. When others start to wander down other avenues, you bring them back to the main road. Your Focus reminds everyone that if something is not helping you move toward your destination, then it is not important. And if it is not important, then it is not worth your time. You keep everyone on point.

Positivity®

You are generous with praise, quick to smile, and always on the lookout for the positive in the situation. Some call you lighthearted. Others just wish that their glass were as full as yours seems to be. But either way, people want to be around you. Their world looks better around you because your enthusiasm is contagious. Lacking your energy and optimism, some find their world drab with repetition or, worse, heavy with pressure. You seem to find a way to lighten their spirit. You inject drama into every project. You celebrate every achievement. You find ways to make everything more exciting and more vital. Some cynics may reject your energy, but you are rarely dragged down. Your Positivity won't allow it. Somehow you can't quite escape your conviction that it is good to be alive, that work can be fun, and that no matter what the setbacks, one must never lose one's sense of humor.

Achiever®

Your Achiever theme helps explain your drive. Achiever describes a constant need for achievement. You feel as if every day starts at zero. By the end of the day you must achieve something tangible in order to feel good about yourself. And by "every day" you mean every single day—workdays, weekends, vacations. No matter how much you may feel you deserve a day of rest, if the day passes without some form of achievement, no matter how small, you will feel dissatisfied. You have an internal fire burning inside you. It pushes you to do more, to achieve more. After each accomplishment is reached, the fire dwindles for a moment, but very soon it rekindles itself, forcing you toward the next accomplishment. Your relentless need for achievement might not be logical. It might not even be focused. But it will always be with you. As an Achiever you must learn to live with this whisper of discontent. It does have its benefits. It brings you the energy you need to work long hours without burning out. It is the jolt you can always count on to get you started on new tasks, new challenges. It is the power supply that causes you to set the pace and define the levels of productivity for your work group. It is the theme that keeps you moving.

Significance®

You want to be very significant in the eyes of other people. In the truest sense of the word you want to be recognized. You want to be heard. You want to stand out. You want to be known. In particular, you want to be known and appreciated for the unique strengths you bring. You feel a need to be admired as credible, professional, and successful. Likewise, you want to associate with others who are credible, professional, and successful. And if they aren't, you will push them to achieve until they are. Or you will move on. An independent spirit, you want your work to be a way of life rather than a job, and in that work you want to be given free rein, the leeway to do things your way. Your yearnings feel intense to you, and you honor those yearnings. And so your life is filled with goals, achievements, or qualifications that you crave. Whatever your focus—and each person is distinct—your Significance theme will keep pulling you upward, away from the mediocre toward the exceptional. It is the theme that keeps you reaching.
